

Noise

1. The noise from drilling and blasting will have the highest impact on Highland Hall, the ED and MG/C. Drilling and blasting began in mid-December and are ongoing.

Parking

1. An additional portion of parking lot closest to the former Spaulding building was closed as of Saturday, Feb. 11, 2017.
2. Employee parking available in lots C, Upper G, Lower G, Lot J, Lot 10, 108 Jefferson Ave., 77 and 65 Jefferson Ave.

Access

1. One to two minutes prior to each blast, access to Highland Hall, MG/C and the ED will be interrupted for safety.

Additional Notes

Traffic Flow

1. Davenport 1 traffic loop closed to vehicles permanently. Pedestrian access to D1 available.

Blast/Vibration

1. There could be 1-2 blasts per weekday between the hours of 8 a.m. and 4 p.m. "Scalpels Up" policy has been implemented. **New!** We anticipate blasting to be completed by the end of March 2017.
